

JD EDWARDS ENTERPRISEONE TESTING INNOVATION

#DYK

“

When it comes to EnterpriseOne software projects, testing can account for up to 65% of the total project time and effort.”

Given its significance, we should all be finding solutions to **test smarter**

FUNCTIONAL | REGRESSION TESTING

ONLY TEST WHAT NEEDS TESTING

Forensically analyse any changes in code

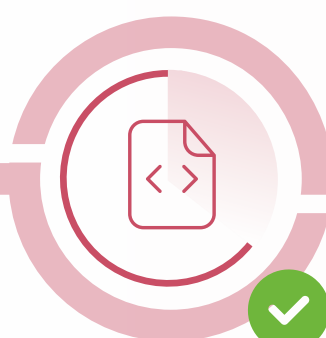

OVERALL TESTING EFFORT
SAVE 75%

A REVOLUTION IN TEST AUTOMATION

Quickly build and execute test scripts and scenarios
